

# Cottonwood Mall Redevelopment Plan

A NEW PLAN WITH ENDURING QUALITY

Dear friends and neighbors,

Thank you for your interest, engagement and input in the redevelopment of the former Cottonwood Mall site. As members of Holladay Citizens for Responsible Development, your input was important and necessary to make substantial improvements to the plan. The public process, with your help, has produced a plan that will bring an exciting new mixed-use neighborhood with feature restaurants, desirable retail shops, attractive office space and housing, and a vibrant community gathering place for the entire city. We believe that because of the community's input, and through the public process, this project will make the citizens of Holladay proud for decades to come.

As you may know, the City Council and Mayor unanimously voted to support the plan on Thursday, May 17. We do not look at this as the end, but as the beginning of our continued partnership. We're excited to announce that we will be hosting several public events in the coming weeks where you can have an ongoing impact on the future of this neighborhood. We invite you to attend the following community events:

- May 31 - Community Design Workshop: #1- 7-9 PM – [Holladay City Hall](#)
- June 7 - Community Design Workshop: #2 - 7-9 PM – [Ivory Homes Main Offices](#)
- June 15 - Community Block Party - 6-8 PM – Former Cottonwood Mall Site
- June 22 - Community Design Workshop: #3 - 7-9 PM – [Ivory Homes Main Offices](#)

Over the next several weeks, we will be updating [www.cottonwoodholladay.com](http://www.cottonwoodholladay.com) with event details. We encourage you to refer to the website frequently for updates on our progress and other exciting and pertinent information. We hope to see you soon.

With appreciation,

Clark Ivory and Jeff Woodbury
